

Letter of Acceptance

11.2.2016

Dear Author, co-author

Thank you very much for your abstract submission to the EWSHM2016, to be held on July 5-8, 2016 at Bilbao, Spain. Over 360 abstracts have been received, so it promises to be a very large scientific event, gathering the recent advances on SHM.

The International Scientific Committee has reviewed and pre-accepted your contribution, to be confirmed after receiving your full paper and registration fees. Please note that your article will be classified as oral or poster according to your preferences and to the quality of the contents, but also to timely submission of the full paper.

The authors should upload for the USB proceedings a full-length paper (max 10 pages as a pdf file), by May 15, 2016; through the CMC www.ndt.net/ewshm2016, using the format given in author instructions provided at the CMC website. As an option, additional files with the powerpoint presentation (PDF), poster (PDF) or short videos may also be uploaded. Uploads after the limit date will be published in the Conference App.

Sincerely yours,

Gerardo Aranguren, Alfredo Güemes, Fernando Martinez

Chairmen 8th EWSHM2016
