

FOR IMMEDIATE RELEASE

Mistras Delivers Increased Profitability and 21% Second Quarter Revenue Growth

Net Income of \$3.6 million and Adjusted EBITDA of \$12.3 million

PRINCETON JUNCTION, NJ – Mistras Group, Inc. (NYSE: MG) today reported financial results for the second quarter of fiscal 2010, which ended November 30, 2009. Revenues were a record high \$71.9 million, a 21% increase as compared to the second quarter of fiscal 2009. Adjusted EBITDA for the quarter was \$12.3 million as compared to \$11.9 million for the second quarter of fiscal 2009 and \$7.0 million for the first quarter of fiscal 2010. Net income attributable to Mistras Group, Inc. was \$3.6 million as compared to \$3.2 million during the second quarter of fiscal 2009 and \$0.8 million for the first quarter of fiscal 2010. Fully diluted earnings per share for the quarter was \$0.14 versus a negative (\$0.97) reported in the second quarter of fiscal 2009.

Key highlights for the quarter included:

- Grew Services segment revenues by approximately 30% as compared to the same quarter in fiscal 2009.
- Expanded adjusted EBITDA margin to 17.1% of revenues as compared to 12.4% in the first quarter, while more than doubling the consolidated operating income margin to 10.7% compared to 5.0% in the first quarter.
- Achieved gross profit improvement of 422 basis points in the Products and Systems segment as compared to the same quarter in fiscal 2009
- Won a new contract to develop an ultrasonic imaging system to test advanced composite materials for the new Joint Strike Fighter
- Acquired a small division of an engineering company that provides additional skilled service technicians to assist in addressing the growing nuclear industry

Chairman and Chief Executive Officer, Dr. Sotirios J. Vahaviolos commented that “We continue to have solid growth attributable to customer acceptance of our unique and comprehensive asset protection solutions. Our record revenues and strong Services segment growth in the quarter was driven by several new multi-year contracts obtained this fiscal year, continued growth in our mechanical integrity services, and acquisitions.”

“This growth was partially offset by revenue decreases in our International segment, which represented only 10.4% of our total revenues, as the economy and foreign exchange rates had a greater impact in the quarter. Our Product and Systems segment had revenues higher than the first fiscal quarter and on par with the same quarter last year. Overall, we see all our markets

stabilizing and expect continued growth in our business. We are encouraged by the improved profitability compared to our first quarter, and believe we will continue this trend through the second half of our fiscal year.”

Second Quarter Performance

Mistras Group, Inc.’s revenues were \$71.9 million for the second quarter of fiscal 2010, up \$12.6 million, or 21%, compared to the second quarter of fiscal 2009. Overall organic growth was approximately 9% and acquisitions contributed approximately 13%. Foreign currency impacts reduced the total growth by approximately 1%. For the second quarter of fiscal 2010, income from operations was \$7.7 million and net income attributable to Mistras Group, Inc. was \$3.6 million.

Segment results

On an operating segment basis, the Company’s Services segment increased its second quarter revenues \$13.9 million, or 30%, as compared to the same quarter last year as a result of new asset protection solution revenues and multi-year contracts obtained this fiscal year, as well as growth from existing customers and acquisitions. The organic and acquisition growth rates were approximately 13% and 17%, respectively from the second quarter of fiscal 2009. Gross profit was \$17.4 million, or 28.6% of revenues, as compared to \$14.9 million, or 31.6% of revenues, in the same quarter last fiscal year and 27.4% of revenues in the first quarter of 2010.

Revenues in the Products and Systems segment were \$4.7 million as compared to \$4.8 million for the second quarter of fiscal 2009. Gross profit was \$2.8 million, or 59.4% of revenue as compared to \$2.6 million, or 55.2% of revenue in the same quarter last fiscal year.

Revenues in the Company’s International segment were \$7.5 million compared to \$8.9 million for the second quarter of fiscal 2009. On a local currency basis, the International segment revenues declined approximately 11%. This segment also incurred net adverse foreign currency impacts of another 5%. Gross profit was \$2.9 million, or 39.4% of revenues compared to \$4.1 million, or 45.8% of revenues in the same quarter last fiscal year.

Initial Public Offering and Related Transactions

Public trading of the Mistras common stock began on October 8, 2009, on the New York Stock Exchange under the ticker symbol MG. Mistras completed its initial public stock offering of 10,000,000 total shares of common stock at a public offering price of \$12.50 per share. The Company sold 6,700,000 shares and the selling stockholders sold the remainder.

As a result of the offering, the Company received net proceeds of approximately \$74.2 million, after deducting underwriting discounts, commissions and offering expenses. During the quarter, the Company used \$66.6 million of the net proceeds to prepay, in full, amounts outstanding under its credit facilities. The Company anticipates using the remaining net proceeds for working capital and other general corporate purposes, which may include the acquisition of businesses and expansion internationally.

At the end of the second quarter of fiscal 2010, the Company had cash and cash equivalents of \$14.6 million and \$55.0 million available under its revolving credit facility.

¹ Adjusted EBITDA is a performance measure used by management that is not calculated in accordance with U.S. generally accepted accounting principles (GAAP). “Adjusted EBITDA” is defined as net income plus: interest expense, provision for income taxes, depreciation and amortization, stock-based compensation expense, the amount of a write-off for the remaining accounts receivable the company expected to collect from a customer that recently declared bankruptcy, loss on extinguishment of debt, and amounts for settlement of a class action law suit, minus a reduction in the amount the Company was required to pay in final settlement of the class action law suit. The Company’s management uses adjusted EBITDA as a measure of operating performance to assist in comparing performance from period to period on a consistent basis, for planning and forecasting overall expectations, and for evaluating actual results against such expectations, and as a performance evaluation metric off which to base executive and employee incentive compensation programs.

For more information regarding the use of adjusted EBITDA, see Mistras Group Inc.’s current report on Form 8-K filed with the Securities and Exchange Commission on January 7, 2010.
